Utility Workers Local 423
Michael Esposito
1102 Hazelwood Ave.
Middlesex, NJ 08846

Dear Michael,

Nelson Mandela said that our human compassion binds us the one to the other — not pityingly or patronizingly, but as human beings who have learnt how to turn our common suffering into hope for the future.

Unfortunate families in our area will benefit from the compassion of the members of Local 423, and nurture their hopes instead of the clawing sensation of hunger. Food donations have not kept pace with growing demand, intensifying the needs of area families living in poverty. HomeFront, with Local 423's gift of \$500.00, can now respond without delay, helping those families obtain the nourishment they must have.

We are all so grateful to you all for coming to the aid of our hungry neighbors, and your commitment to our mission.

With my deepest thanks,

Connie Mercer
Executive Director

Thank you!
